

# European Union (EU) Application Recorder for Compliance with EU Pressure Equipment Directive (97/23/EC - May '97); CE Marking

1. Customer: \_\_\_\_\_ Date: \_\_\_\_\_

Address 1: \_\_\_\_\_

Address 2: \_\_\_\_\_

Address 3: \_\_\_\_\_

2. Purchase Order No.: \_\_\_\_\_

3. Item No.: \_\_\_\_\_

4. Hazard Category? Cashco will review this selection. (See Cashco Specification #7E13)

S.E.P. (Article 3, Paragraph 3) - No. CE Mark Required

S

E

Hazard Category I

Hazard Category II (Consult factory for products available)

5. Product Code No.:

--	--	--	--	--	--	--	--	--	--	--	--	--	--	--	--	--	--	--	--

6. Requested language of IOMs. Some IOMs are available on our website at no charge. If unavailable, see below.

English - No Charge  
 Dutch - \$100

French - \$100  
 Spanish - \$100

Italian - \$100  
 Swedish - \$100

German - \$100  
 Other (specify) - \_\_\_\_\_ \$100

7. Process Fluid Contained In The Body: \_\_\_\_\_

Process Fluid Contained In The Spring Chamber (Differential Regulators Only): \_\_\_\_\_

8. Will this valve ever be exposed to a temperature less than 0° C? This could occur due to the temperature of the process fluid or the ambient temperature (such as valve installed outdoors).

Yes: \_\_\_\_\_ No: \_\_\_\_\_

Process Conditions:

Operating Inlet Pressure Maximum \_\_\_\_\_ Barg      Operating Temperature Maximum \_\_\_\_\_ ° C

Operating Outlet Pressure Maximum \_\_\_\_\_ Barg      Operating Temperature Minimum \_\_\_\_\_ ° C

Vapor Pressure at Operating Temperature Maximum \_\_\_\_\_ Bar (Abs). Only applicable if fluid is a liquid.

**NOTE:** Do not delay submitting recorder because vapor pressures are not readily available. Cashco will provide and then determine fluid classification, as required, to satisfy PED.

9. Valve Body Size\*:

DN32

DN65

DN150

DN40

DN80

DN200

DN50

DN100

10. PED Fluid Classification (See either Cashco Specification #7E13 or PED-Art. 3, sec. 1.3; Art. 9; and Annex II Tables.):

Group 1 Gas

Group 1 Liquid

Group 2 Gas

Group 2 Liquid

**NOTE: Do not use this form if destination is outside the EU.**

\* The "CE" mark cannot be given to any regulator DN25 or smaller per the PED requirements.
